Regarding: Personal Protective Equipment
(PPE) requests

Phone number for follow-up: (503) 588-5342

Dear Providers:

It is possible that Marion County Health & Human Services may be able to order PPE on your behalf for the COVID-19 outbreak if all other resources have been exhausted.

To make this request, please complete the *PPE Assessment Checklist* form and submit by email to: Health_PPE_Requests@co.marion.or.us. In the Subject line, please include PPE Request, your licensing affiliation, and your facility type in the subject line. For example:

- PPE Request – APD AFH
- PPE Request – DD 24 hour Residential
- PPE Request- BH RTF

Distribution of resources are being prioritized to facilities with the highest need/risk, such as medical facilities, clinics and those providing health care support, particularly any facility caring for someone with a confirmed case of Covid-19.

Marion County Health & Human Services cannot guarantee that your full request will be fulfilled. Also, there may be an associated cost for your order, however we as a department will not know for certain until after the order has been filled.
